Hurtado + IDS

Welcome to the Hurtado Lookbook—an invitation into a world where Old World craft meets modern living. Rooted in Spanish heritage and defined by meticulous handwork, Hurtado creates furniture that feels both storied and forward-looking: rich woods, tailored upholstery, and detailing that reveals the hand behind every piece.

This partnership between Hurtado and IDS is built on shared values—craftsmanship, flexibility, and service to the trade. From sculptural dining tables to refined bedroom and living collections, Hurtado offers designers a rare balance of tradition and adaptability. Each piece is shaped by artisans, then refined through customization options that let you adjust finishes, fabrics, and details to suit your vision.

Through IDS showrooms, you'll experience Hurtado the way it's meant to be experienced—through touch, scale, and material. Our teams in Sarasota and Naples provide access to samples, finishes, and configuration guidance, while **iDesignSource.com** connects it all digitally, making it easier to move from concept to completion.

Created for the way you work, iDesignSource.com offers:

- 24/7 access to Hurtado and 60+ premier lines
- Real-time order tracking from placement to delivery
- Expanded folders to organize by room or project
- Tear sheet tools for polished client presentations

As customization and digital tools continue to evolve, IDS remains focused on what matters most: making your work easier, smoother, and more profitable—without sacrificing beauty or integrity.

Let this Lookbook be a starting point. With Hurtado and IDS, you're not just selecting furniture—you're shaping spaces with history, craft, and possibility.

Warm regards,

The Sadez Family

What you need to know about Hurtado

WHO WE ARE

A family legacy, since 1940.

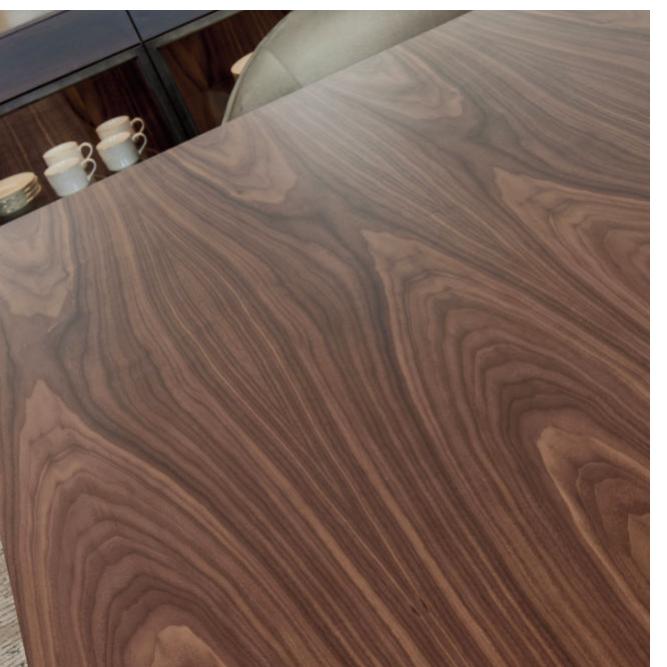

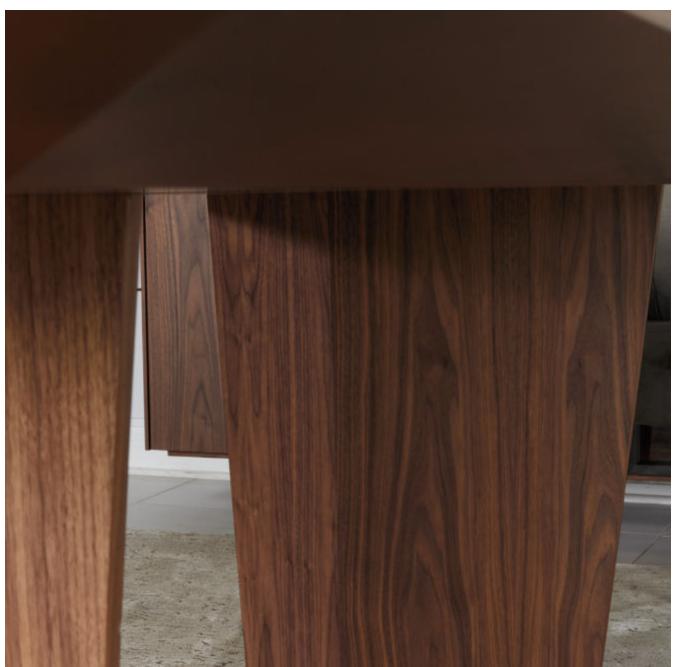

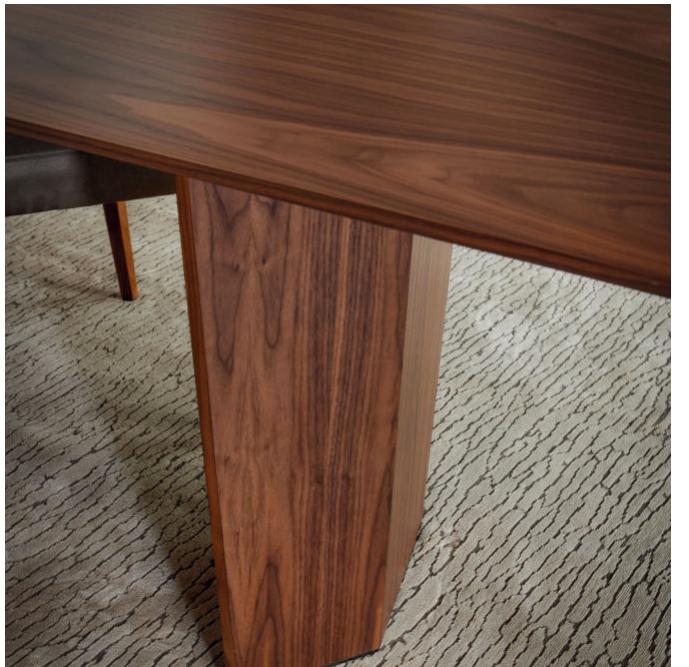

HURTADO is a third-generation family-owned company founded in 1940 in Valencia, Spain. With over 85 years of experience, we have grown from a local workshop into one of the leading luxury furniture brands in the world, with a presence in more than 50 countries and projects that range from exclusive residences to boutique hotels and corporate spaces.

Our heritage is deeply rooted in tradition, craftsmanship, and a passion for design. Today, we continue to evolve, blending our artisanal legacy with innovation and technology to create collections that are elegant, timeless, and built to last. Every HURTADO piece reflects the values that have defined us for decades: excellence, authenticity, and attention to detail.

PRODUCTION

Full control, from start to finish.

All HURTADO furniture is designed and produced entirely in-house, at our own facility in Valencia. This gives us full control over every stage of the process — from the selection of raw materials to the final inspection of each finished product.

Our factory integrates advanced manufacturing systems with traditional handcrafting techniques, allowing us to guarantee precision, consistency, and quality in every piece. By keeping production local, we also remain agile and flexible, adapting quickly to our clients' needs and ensuring traceability throughout.

CRAFTSMANSHIP

Where tradition meets innovation.

Craftsmanship is at the heart of everything we do. Our artisans bring generations of knowledge and dedication to each piece, working with precision and pride. Techniques such as inlay, marquetry, and hand-applied finishes give our furniture its distinctive character and unique appeal.

While technology supports our processes, it is the human touch that defines us. Each piece is handled, shaped, and finished by skilled hands — a balance between innovation and tradition that ensures lasting beauty and value.

HURTADO[®]

SUSTAINABILITY

Responsible design, lasting impact.

At HURTADO, we believe that true luxury must be sustainable. Our commitment to responsible production is reflected in every decision we make — from material selection to process optimization.

- We use wood from controlled sources and responsibly sourced natural veneers.
- We recycle waste generated in our factory, including wood scraps and packaging.
- We work with local suppliers to minimize transport emissions and support the local economy.
- We apply low-impact varnishes and environmentally friendly finishes.
- All our furniture is made to order, reducing overproduction and waste.
- We generate part of our energy through renewable sources, thanks to our own solar panels installed at our facility. This helps us reduce our environmental footprint and move toward greater energy independence.
-

We aim to create furniture that lasts — not only in quality, but also in relevance. Designing for longevity is our way of contributing to a more sustainable future.

QUALITY

Perfection in every detail.

Quality is a defining principle at HURTADO. We work with premium European and American veneers, solid wood, and carefully sourced materials to achieve exceptional durability, structure, and finish.

Each product undergoes a meticulous process of construction and inspection. From structural integrity to surface perfection, no detail is overlooked. Our commitment to excellence has been recognized with the ISO 9001 certification, which guarantees the effectiveness of our quality management system across all departments.

GLOBAL PRESENCE

From Valencia to the world.

While our roots remain in Spain, our reach is global. In addition to our headquarters and production facility in Valencia, we operate a dedicated showroom and distribution center in High Point, North Carolina, to serve the American market.

HURTADO furniture is present in homes, offices, hotels, and institutions across five continents, delivering the same high standards of design, craftsmanship, and service to clients around the world.
